

HAY SPRINGS PUBLIC SCHOOLS HOME OF THE HAWKS

The mission of Hay Springs Public Schools, in cooperation with families and the community, is to empower students within an emotionally supportive and physically safe environment with the academic, social, physical, and technological skills to achieve success as responsible, self-disciplined citizens of a global society.

Hay Springs School is a Class III district, located in the northern part of the Nebraska panhandle: 18 miles east of Chadron, 122 miles south of Rapid City SD, and 99 miles north of Scottsbluff. The district serves approximately 200 students in preschool through grade 12. All elementary students receive instruction in music, library, computers, art, and PE. A comprehensive education is offered for both the non-college bound student and the student seeking to be successful in the college environment.

Hay Springs is conveniently located near Chadron State Park nestled among the distinctive buttes and canyons of Nebraska's Pine Ridge. Nearby Fort Robinson is one of the great historic places of the American West. Take a short ride to Rapid City where you can experience local arts and culture, and explore the outdoors.
